

County of San Diego, Health and Human Service Agency
Ryan White Primary Care Medical Care
Basic Services List

Basic Primary Care Services include professional evaluation and management services (E & M Codes) provided by CONTRACTOR physicians in the areas of internal medicine, family practice and gynecology, and services of physician assistants and nurse practitioners when performed under the direction of CONTRACTOR physicians, excluding all services provided to hospital inpatients. Nursing services, supplies, use of equipment, supporting staff functions, (professional and technical components) electrocardiograms, laboratory services ordered by primary care practitioners and basic outpatient diagnostic radiology services are included. All laboratory and radiology services associated with a Primary Care Visit, and included on this list, are included in the reimbursement rate for the Primary Care Visit. This list may be modified by the COUNTY as appropriate for coding updates and as needed to meet patients' needs. CONTRACTOR will be notified in writing of any changes to the Basic Services List.
